# Drawing the Blueprint for a Sustainable Natural Gas Future

**Wednesday, January 18, 2012  
Denver Museum of Nature & Science  
Denver, Colorado**

A stakeholder-led forum discussing the key topics affecting natural gas as a safe and sustainable energy resource. Participants learned about the current research and related resources at Colorado's three research universities and participated in designing future research needs.

**A special thanks to Noble Energy, The Museum of Nature & Science, Beatty & Wozniak PC, and the Alliance for Sustainable Colorado.  
Their generous support made this event possible.**
