## **Fire on the Plateau: Conflict and Endurance in the American Southwest**

Wilkinson, Charles. Fire on the Plateau: Conflict and Endurance in the American Southwest. Washington D.C.: Island Press, 1999.

Legal scholar and writer Charles Wilkinson began working as an attorney for the Native American Rights Fund in the early 1970s. His work brought him into contact with the Navajo and Hopi peoples of the Colorado Plateau, and began a long journey towards a deeper understanding of Native American cultures.

In *Fire on the Plateau*, Wilkinson explores the history of Native peoples in the region, including conflicts with more recent populations, government, and industry over resources and land use, as well as increased environmental awareness in the region's recent history. This history is combined with the personal insights of the author, based on his work as an attorney working with Native Americans.
