Leadership Committee
Board of Directors
Advisory Committees:
  Economic Committee
  Ecological Reserve Committee
  Education Committee
  Events Committee
Forestry Resource Committee
Trails Committee
mammal survey
intern programs
fifth year of loon monitoring
education
Key features of a successful community forest program:

✓ The community benefits from resources conserved.

✓ Community members support a conservation ethic and take pride in managing land for future generations.

✓ Diverse viewpoints are respected and incorporated into the master plan. A combination of working forests, special management areas, and ecological reserves create a balanced approach.
